Year 2 - Implementation

Core Reading Programs implement in Elementary Schools

Benchmark Advanced Benchmark Workshop Wonders

New K-3 Teachers complete state required Evidence-Based Training

Administrators and Interventionist complete state required Evidence-Based Training

Core Reading Programs Implementation

Goal

- Increase the number and percentage of students who are reading at or above grade level

2022 - 2023 Objectives -

- Order and deliver core program materials to all elementary schools
- Provide multiple professional development opportunities for all elementary staff
- Identify model classrooms for collaborative peer observations

Priority Focus -

- Positive experience for those that are implementing the programs
- Implementation of instructional routines that are aligned to Science of Reading best practice (systematic-explicit instruction)
